Dear Mr. Mowat,

Thank you for your email to me and the City Council. It was received by all of us and I'm writing to both acknowledge its receipt and respond. It's been a long day, sorry for the late response.

We all would agree that the press about the local surfing situation is creating un-needed attention about a structure that has existed for a long time; social media has further increased the spread of stories and information. I can assure you that City staff, including the Chief, do not intend any arbitrary action(s) related to the patio, and its removal is not imminent or planned. On the other hand, it is an unauthorized structure and, as with all unauthorized structures in the City's parklands, we consider the options of what, if anything, is necessary to do about it. No decisions have been made and of all the unauthorized structures that exist throughout the City, we are first focusing on those that represent safety concerns and block the public's access to open spaces. We have attempted to convey this information and perspective to the press. The press reports what they want and splices together information for their report(s). Please also be forewarned, we are aware that the press plans additional articles in the near future that may or may not accurately represent the staff's position and disposition of the structure while calling more attention to the patio.

We also have not had wide-spread reports of vandalism or bullying that the press has implied is a prevalent situation. However, we have received a few complaints about the area being protected by local surfers for the exclusive use of select people. In response, the Police Department must

assure the public's safety and public access to the shoreline, as the shoreline is public space; thus they patrol the area as necessary. While doing so, we are pleased to report that since December, burglaries in the City have sharply declined following intensive work by the Police Department.

The Police Chief reports to me and as such, I'd like to invite you to meet and discuss this further. Our meeting will include both the Mayor and the Police Chief so we can together address your concerns and the topics you raise. It is important to talk about them. If you are interested, please let me know your availability; I will coordinate the meeting for all of us.

Thank you and we share your frustration with all the reports. I look forward to hearing back from you.

Tony

c: Mayor and City Council

Anton (Tony) Dahlerbruch
City Manager
City of Palos Verdes Estates

Just proof read and sent my letter to the city. Here are the email addresses for them all. I encourage everybody, and I mean EVERYBODY to write a letter expressing their discontent with police chief Kepley's policies. You don't have to be a homeowner or even a resident. Mike Thiel has a meeting scheduled with them on February 11. The more letters sent the better to support our case. Please take a minute and get this done. Our future depends on it

So everybody- all PVE residents write the mayor, city manager and council. Keep it calm and rational, but clearly express your concerns and outrage at the chief's behavior.

Remember, we live here! It's our city.
